Highland Springs Country Club is a private golf, tennis and social club designed and operated for the exclusive pleasure and recreation of its members and their guests.

Highland Springs Country Club, Incorporated (the Club) is a Missouri not-for-profit corporation whose members enjoy exclusive rights to use the club facilities. Prospective club members are urged to read the Articles of Incorporation, the Bylaws of the Club, the Club Facilities Acquisition Agreement and the Management Agreement before applying for membership.

The Club Facilities are owned and managed by Highland Springs LLC, a Missouri limited liability company.

CLUB FACILITIES

Location. Highland Springs Country Club is the focal point of the exclusive, 600-acre master-planned Highland Springs Community located just minutes from Springfield via easy access by four-lane U.S. 60, U.S. 65 and the James River Freeway.

Golfing at Highland Springs. The centerpiece of the Highland Springs Community is the 18-hole, par 72 golf course. The 7,115-yard, 200-acre course is destined to be one of the most prestigious and challenging in the Midwest. Designed by Robert Trent Jones II and constructed by Greenscape, Ltd., the course is accented by dramatic terrain variations and water, which comes into play on seven holes. Sand and grass bunkers have been strategically placed to enhance the golfing experience.

The fully irrigated course features A1/A4 Bent Grass greens and Zoysia fairways and tees, all maintained by a trained and certified staff.

All 18 holes are linked by a paved cart path, and cart tunnels accented with stonework have been constructed to eliminate grade crossing on the entrance road.

Golf Members will be eligible for a variety of tournaments for men, women, juniors and couples and will be provided golf instructions, clinics, self-improvement programs for adults and children, practice facilities, putting greens and unlimited use of practice balls for the entire family. The Highland Springs Golf Director heads professionally trained staff responsible for supervising the course and practice ranges and operating the fully equipped pro shop, offering exceptional merchandise, storage and lockers for each member.

The Clubhouse at Highland Springs. Designed with a keen eye to style and function, the Highland Springs Clubhouse offers members 42,000 square feet of the finest facilities and services available. A third-floor remodel, completed in Spring 2022, greets Members & their guests with modern décor and soaring cathedral ceilings with skylights. The banquet areas seat approximately 300 people and the casual dining facility seats an additional 125. All the meeting and banquet rooms have been designed for private entertaining, uninterrupted by members using other Clubhouse facilities. A full-service professional staff helps members plan and direct a variety of functions, including wedding receptions, business meetings, luncheons, banquets and dinner parties.

Club and cart storage and a well-stocked pro shop serves members on the ground floor of the three-story Clubhouse. The second level, or main floor, houses men's and women's locker rooms conveniently accessible to and from the golf and tennis facilities. Wood lockers, a sauna, steam bath, light exercise equipment and a large stock of toiletries and supplies are provided for both men and women. The Men's Grill, Ladies' Lounge and Mixed Grill, also on the second level, seat a total of 100 people. The most spectacular view of the Highland Springs countryside can be found from the top floor in Lounge Nineteen, stretching 30 feet above the ground and located near the main entrance to the Clubhouse.

Tennis at Highland Springs. Five championship tennis courts have been designed for playability and comfort. Each court is completely fenced and fully lighted for evening play. Food and beverage facilities are located adjacent to the tennis courts for the convenience of both players and spectators. Tennis lessons, clinics and tournaments are organized by the staff professional, who also oversees an excellent stocked tennis pro shop.

Swimming at Highland Springs. The sparkling Highland Springs pool is designed in a U-shape with two swimming lengths – 25 meters on one leg, 25-yards on another. The state-of-the-art aquatic amenities, including diving platform, splash pad and

children's wading pool, are directly accessible from the parking lot and served by a separate entryway, snack bar and locker facilities ensuring other Clubhouse functions will not be disturbed.
